

АННОТАЦИЯ К РАБОЧЕЙ ПРОГРАММЕ ДИСЦИПЛИНЫ

«Теоретические основы английского языка»

(название дисциплины)

44.03.05 Педагогическое образование

(код направления подготовки)

Профиль: «История. Иностранный язык (Английский язык)»

7 семестр

1. ЦЕЛИ ОСВОЕНИЯ ДИСЦИПЛИНЫ

Целями освоения дисциплины «Теоретические основы английского языка» являются: системное изучение грамматического строя современного английского языка и знакомство с наиболее важными проблемами теоретической грамматики и фонетики в целом; изучение особенностей английского произношения в его коммуникативных и территориальных разновидностях, а также фонетического строя современного английского языка как системы разноуровневых функциональных единиц, используемых в различных коммуникативных целях; формирование у студентов стойкого интереса к приобретению дальнейших знаний и навыков в области филологии вообще и английской грамматики, и фонетики в частности.

Задачи дисциплины: изучить способы образования (артикуляции) и акустические свойства звуков, их изменения в речевом потоке; дать студентам более полное представление о всех компонентах фонетического строя современного английского языка в их системе и сопоставлении с фонетическим строем родного языка; ознакомить студентов с основными спорными и нерешенными проблемами теоретической фонетики и теоретической грамматики; научить студентов применять на практике приобретенные теоретические знания и известные им методы грамматического анализа, четко и точно излагать суть грамматического явления на базе новейших достижений современной грамматической теории; познакомить студентов с современными методами фонетического исследования и применением теоретических положений курса в преподавании английского языка.

2. МЕСТО ДИСЦИПЛИНЫ В СТРУКТУРЕ ОПОП ВО

Дисциплина «Теоретические основы английского языка» относится к вариативной части учебного плана.

Пререквизиты дисциплины: «Иностранный язык», «Практический курс иностранного языка», «Введение в языкознание и историю английского языка», «Лексикология. Стилистика», «Иностранный язык в сфере профессиональной коммуникации». Данный модуль необходим как предшествующий для освоения дисциплин «Страноведение и литература Великобритании», «Теория перевода» и «Методика обучения иностранному языку».

3. ПЛАНИРУЕМЫЕ РЕЗУЛЬТАТЫ ОБУЧЕНИЯ ПО ДИСЦИПЛИНЕ

ОК-4 Знать: современные методы и технологии обучения и диагностики и уметь их использовать. Уметь: применять обозначенные методы и технологии, работать с Интернет-ресурсами. Владеть: необходимыми знаниями и умениями для применения названных методов и технологий

ПК-1. Знать: особенности английского произношения; наиболее вероятные причины появления чаще всего встречающихся грамматических и фонетических ошибок и способы их предотвращения. Уметь: реализовывать образовательные программы по учебным предметам в соответствии с требованиями образовательных стандартов; работать с новейшими публикациями по актуальным проблемам фонетики и грамматики; английского языка. Владеть: произносительными навыками аудирования, и говорения на изучаемом языке; основами теории грамматики английского языка.

ПК-2 Знать такие современные методы и технологии как: проблемное обучение; технология развития «критического мышления»; информационно-коммуникационные технологии; игровые методы. Уметь: применять обозначенные методы и технологии; работать с Интернет-ресурсами. Владеть необходимыми знаниями и умениями для применения названных методов и технологий.

4. СОДЕРЖАНИЕ ДИСЦИПЛИНЫ

Содержание лекционных занятий по дисциплине.

Раздел I. Theoretical Grammar.

Тема 1. Morphology and Syntax as parts of Grammar. The study of word structure.

Содержание темы. Objects and Tasks of Grammar. Main Branches of Grammar: morphology and grammar. The paradigmatics of inflectional morphemes. The morphological system of the language.

Тема 2. Word classes. Some new word classes. The class of nouns.

Содержание темы. The problem of word class identification. Some new word classes: determiners, conjuncts, conjuncts. The class of nouns: meaning, combinability, syntactic functions, morphological structure.

Тема 3. The class of pronouns. The class of adjectives. The class of adverbs.

Содержание темы. Pronouns as a special sub-class of nouns. Personal pronouns. Possessive pronouns. Indefinite Pronouns. Relative Pronouns. Intensive Pronouns. Demonstrative Pronouns. Interrogative Pronouns. Reflexive Pronouns. The adjective. Predicate adjectives. Comparative adjective. The adverb.

Тема 4. The class of verbs. The class of prepositions. The class of conjunctions. Articles

Содержание темы. Semantic, morphological, syntactic features of the verb. Classifications of English verbs: morphological, lexical-morphological, syntactic classifications, functional. The category of voice. The category of tense. The class of prepositions. The class of conjunctions. The use of articles in English. The use of articles as determiners. The use of articles as the theme-and-rheme markers. The use of articles as generalizers. The use of articles as concretizers. The indefinite and definite articles. Zero article.

Тема 5. Syntax. Sentences. Spoken and written syntax. Types of sentences

Содержание темы. Major and Minor sentences. Comparison. Minor sentences. Formulae for stereotyped social situations. Proverbs or pithy sayings (aphorisms). Abbreviated forms.

Тема 6. Levels of sentence structure. Sentence functions.

Содержание темы. Clause level. Phrase level. Word level. Sentence Functions. Declarative sentences state an idea. Exclamatory sentences show strong emotions. Interrogative sentences ask a question.

Тема 7. Clause: its elements and types. Vocatives

Содержание темы. Clause contain only one segment or clause. Simple sentences as single-clause units. Multiple sentences. Clause Elements: the subject, the verb, the object, the complement, the adverbial.

Vocatives, their types.

Тема 8. Phrases, their types. The order of Premodifiers.

Содержание темы. Types of phrases. Pronoun phrases. Adverb phrases. Adjectives phrases. Verb phrases. Noun phrases. Prepositional phrases. Subordinate phrases. Coordinate phrases. Predicative phrases. The Order of Premodifiers.

Тема 9. Multiple sentences. The ways of abbreviating the sentence. Adding a comment. Sentence information.

Содержание темы. Multiple sentences: a compound sentence, a complex sentence. The ways of abbreviating the sentence: a pro-form (a replacement, pro-form co-reference), ellipsis, disjuncts, comment clauses (tentativeness, certainty, emotional attitude, asking for attention). Ways to draw attention to theme:

1) fronting, 2) inversion, 3) cleft sentences, 4) extraposition, 5) existentials.

Раздел II. Theoretical phonetics.

Тема 10. Introduction to the theoretical phonetics. The organs of articulation.

Содержание темы. Theoretical phonetics as science. Branches of phonetics. Articulatory phonetics. Acoustic phonetics. Auditory phonetics. Functional phonetics. General phonetics. Special phonetics. Methods of investigation. Phonetics and others branches of linguistics: lexicology, grammar, stylistics. The Work of the Organs of Speech

Тема 11. The Vowels, types. The cardinal vowel system.

Содержание темы. The system of English phonemes. Vowels. The function of quantity and quality in the system of English vowels. The main components of vowel quality in English. The relevants of vowel length in modern English. Morphology and its problems. Modifications of Vowels in Connected Speech.

Тема 12. Consonants (types; consonant combination, consonant locations and variations)

Содержание темы. The classification of English consonant sounds. Two large classes of consonants: a) occlusive, in the production of which a complete obstruction is formed; b) constrictive, in the production of which an incomplete obstruction is formed. Noise consonants. Sonorants. According to the place of articulation: labial, lingual, glottal consonants. Voiced and unvoiced consonants.

Тема 13. Syllables. Syllable structure.

Содержание темы. Syllable formation and syllable division. The definition of the syllable from the functional point of view. Functional aspect of the syllable. Two very important functions of the syllable: the constitutive function and the distinctive function. Syllable structure.

Тема 14. Connected speech. Assimilation. Elision. Strong and weak forms. Liaison.

Содержание темы.

Sounds and simplifications in connected speech. Assimilation, elision and vowel reduction as an indispensable foundation of connected speech. Assimilation and its rules. Strong and weak forms, vowel reduction. Liaison and juncture. Contractions.

Elision as a kind of reduction occurring mainly in words ending. Liaison as a common feature of continuity and natural flow of speech.

Тема 15. Prosody. Non-verbal meaning. Intonation.

Содержание темы. The term "prosody". Pitch, duration, amplitude, and gestures. Non-lexical information of a sentence. Intonation. The linguistic function of intonation. The implications of a terminal tone. Rhythm. 3 prosodic components of intonation (pitch, loudness and tempo). The communicative function of intonation.

Classification of intonation patterns: the Low (Medium) Fall pitch-and-stress group, the High Fall group, the Rise Fall group, the Low Rise group, the High Rise group, the Fall Rise group, the Rise-Fall-Rise group, the Mid-level group.

Тема 16. Sound symbolism (phonaesthesia or onomatopoeia).

Содержание темы. The study of sound symbolic effects. Initial consonant clusters (especially involving h-l), lateral sounds (either alone, or in a cluster), and plosives. The definition of onomatopoeia. Two varieties of onomatopoeia: direct and indirect. Onomatopoeic words. The definition of phonaesthesia.

Тема 17. Variants of English pronunciation.

Содержание темы. The national variants of the language. National pronunciation standard. Bilingualism in contrast to monolingualism. Accents. The standard language of the nation and its pronunciation or its accent — the received standard pronunciation (the "RP" or "Received Pronunciation"). Idiolect. British English. Regional accents of Great Britain: Southern English accents, Northern and Midland accents, Welsh English, Scottish English, Northern Ireland English.
